Forecast for Thursday 26 Aug 2021

Weather: Clear skies through the early hours may allow some mist or fog to develop in the valleys. Any mist or fog in the valleys will lift and break through morning as cloudier conditions spread in off the Irish Sea, this perhaps bringing some drizzle. Conditions will improve through late morning leaving a dry and increasingly sunny afternoon. Dry and clear thorough evening.

Chance of cloud free mountain/hill tops above 700m: 50% morning, 100% afternoon.

Visibility: Rather dull initially as areas of cloud shroud hills above around 400m, this bringing misty conditions to higher ground. Much improved by afternoon with very good visibility across the area.
